FROM THE OFFICE OF THE PRINCIPAL

Greetings from the Principal,

By now you have probably heard that Lexington Catholic had to go to NTI and virtual learning for two weeks. Unfortunately some travels and back to school get together allowed for lack of physical distancing and following of protocols. It is recommended that if you are traveling to a known hot spot, whether it is in the state of Kentucky or out; that you quarantine when you return. Keep in mind that hot spots change on a regular basis; please be mindful of the location you are traveling to. If you're not sure contact me and we can figure it out together.

We can keep your student(s) caught up by working with the teacher. We understand that things come up, and that's fine. Please let your teacher know if your student is going to be out for an extended period.

At this time the Diocese is recommending we don't take Fall break in October for the very reasons mentioned above. This would also allow us to be back on track with our calendar, since we delayed our start by three days.

I pray every day for an end to this Pandemic and crazy way of life. I truly believe that God has a bigger plan for us all. We need to be diligent now in what we do and continue to pray.

Pray Strong, Irish Strong 😊

Mrs. Kempf
