## **OCTOBER HOME CHALLENGE**

What can you do with...cardboard paper towel rolls?

You need to create something (anything/any size) using empty cardboard paper towel tubes, toilet paper tubes, or wrapping paper rolls! You can use any additional materials in your creation! They can be holiday themed, have a useful purpose, can be a sculpture, totem pole, animal, musical instrument, binoculars or a building.

The sky is the limit.  
**THE ONLY RULE.....JUST BE CREATIVE!**  
Use as many tubes as you need.

**THEY CAN BE TURNED IN ANYTIME IN OCTOBER.**

**We can't wait to see your projects!**

**Bring them to the S.T.R.E.A.M. room to choose your reward.**
