

# iHOLA!

My name is Andrea Hall, this will be my third year teaching Spanish at Holy Family School. I was born and raised in Chile and I have lived in the United States for almost 13 years. In Chile I attended a German School where I learned both German and English. I also had the opportunity to learn English through a foreign exchange program that lasted one year in Oklahoma. That was a great experience that helped me understand the language and culture better. I love being able to master more than one language and experience different cultures. Learning a second language is a great opportunity that can open many doors for your children and I can't wait to share it with them this year!

I will communicate with students through google classroom this year, where they'll be able to find notes, study guides and reminders for the class. I will also be communicating with parents through email at least once a week to keep you in the loop and to send reminders for quizzes, exams, etc.

If you have any questions or need to contact me, my email is [ahall@cdlex.org](mailto:ahall@cdlex.org). I will always respond to you, however, I just ask that you remember that during the day I am not always at my desk. I am most often working with your students in our classroom! As such my replies will not be instantaneous. Thank you for your patience and understanding in this.

I am so excited to work with your students this year, I truly love the Spanish language and culture. I cannot wait to share that love with your students and help them develop their own interest in language learning.

Please do not hesitate to reach out if you have any questions.
